W Front St. Buffalo, IA

SGT's Corner

I hope everyone had an amazing 4th of July weekend.

We would like to remind everyone that the speed cameras that are in town are through a 3rd party. If you get one and would like to contest it, you need to follow the directions on the citation that you get. City Hall will not except payment for the

citation, it has to go through the Company. I hope everyone has a wonderful rest of your Summer, because its coming to and end in a hurry.

Stay Safe.

Thank you, Sgt. Bujalski, Joshua #412 Buffalo Police Department 413 3rd St. Buffalo, IA 52728, (563)381-4733

News from **ECHO BLUFF RANCH**

How blessed are we to live in Buffalo? We truly are a best-kept secret and we really need to keep it that way. We just finished up our annual town celebration

of Buffalo Days. There are MANY volunteers who continue to make Buffalo better to include serving on the council, picking up garbage, contributing to this paper, assisting children, preserving history, etc. Yeah, we might have petty little crime, mostly by those that come to Buffalo from the outside. We do not

have the nonsense that we hear about in the news in surrounding cities and towns. We can

> still safely walk the streets, let our children play outside. and not be

obsessed about always locking the doors. I don't know if you've noticed, but we do not have abandoned houses here. People WANT to live here. Anyone that has grown up here remembers the others

at Middle and High School looking down their noses at us when you told them you were from Buffalo. It NEVER bothered me, as I knew we had a good thing. I was always proud to be from Buffalo, and I never want it to change, or grow into one of those towns so hungry for what they consider "progress" (subdivisions, business, etc) that lose their soul and no longer have that small town feel. Once that starts happening, you never get it back. So let's all take pride in our homes and love on your neighbors. Check in on them, make them cookies, share garden vegetables, and COUNT YOUR BLESSINGS!

We LOVE our life on this little farm in Buffalo, lowa Steve and Chris Thornton

BUFFALO TRIVIA QUESTION OF THE MONTH:

What mishap did Rev. Williams experience on his way to Buffalo?

ANSWER TO LAST MONTH'S TRIVIA:

Tri-City Evening Star; Davenport, Scott, Iowa; Friday, January 20, 1905 SLATE FALL HURTS A BUFFALO MAN Buffalo, Ia., Jan. 19, 1905 -

John W. Porstman, while working in the coal mine belonging to Buchmeier & Carlin, at Jamestown, was caught under a mass of falling slate. He had a narrow escape. Mr. Porstman had several ribs broken and his right foot badly crushed. He is also bruised

to a considerable extent. As yet no symptoms of internal injuries have been discovered. Coal was discovered on Captain

Clark's land in 1834, and by 1835, it was being sold to river steamers and hauled to Davenport, where it brought 15 cents a bushel. By 1870, there were 20 operating Coal mines in Buffalo, as it was plentiful.

The first mine fatality was in 1873, when Paul Thier was entombed briefly and died of

crushing injuries. HAPPY BIRTHDAY

Buffalo History 101

BUFFALO NOTES Feb. 2, 1894

Theo Kautz came to Buffalo with a load of coal the other day. While in Buffalo he took a chill and was taken to the home of his father-inlaw John Branbecker. Dr. L.C. Moore was summoned and found he was suffering from a severe attack of lung fever, which might develop into typhoid. He was forbidden to be removed to his home. A NEW ENTERPRISE.

Mr. Carlisle of Muscatine is in Buffalo making preparations for opening a drug store. The people of Buffalo are doing all in their power to help Mr. Carlisle in this new enterprise. The correspondent of THE LEADER wishes him success.

Hugo Hoffbauer the new postmaster of Buffalo, took charge of the postoffice on the 1st of February. His daughter, Miss Louisa Hoffbauer, was appointed assistant postmistress. She is a highly respected young lady, was born and raised in Buffalo and is well qualified for the position. Hereafter the patrons of the P.O. will receive their mail at H. and E. Hoffbauers' general merchandise store.

Teams are crossing the ice at this point. It is from eight to ten inches thick.

Buckaroo News

Our unit participated in "Reflections of the Civil War" at Seminole Valley Farm Museum in Cedar Rapids, Iowa this past weekend. It involved a living history with soldiers nestling in tents in their wool uniforms, chopping firewood, caring for horses and even tending to the make-believe sick. As we shared

information about the Cavalry and horses with the spectators, it occurred to me that our presentation lacked the contributions of dogs. Man's best friends often went to war with their masters during the Civil War, providing loyalty and companionship during the trying times of war.

Many military units adopted dogs as mascots. Some dogs remained loyal to its master even when he died in battle. When the 13th Tennessee Infantry captured the abandoned guns, of Battery E, 1st Illinois Light Artillery on the morning of April 6, 1862, they found a dog next to a dead

master. As they reached the battery location Colonel Alfred Vaughan, commanding the 13th Tennessee, reported that they found "a dead Union officer [lying] near them (the guns), with a pointer dog that refused to allow the Confederates to approach the body." It is not known who this officer was, since the battery had lost no officers.

Some officers were dog lovers and kept packs of dogs with them. Major James

Powell, of the 25th Missouri Infantry, who led the patrol that prevented a complete surprise of the Union army had a number of dogs. At the start of the Civil War, Powell's unit, stationed at Fort Smith, Arkansas, would be led north just in time to escape approaching Confederates. Powell made the trip with his son and his pack of 38 hunting dogs, three of whom were lost chasing bison.

Powell was killed later in the day on April 6th.

Some dogs became so important to their regiments, that they were immortalized in stone on regimental monuments. One of the most famous is Sallie, a pit bull terrier, became a mascot for the 11th Pennsylvania throughout the Civil War. Sallie was reported to have taken position during the Battle of Gettysburg and barked furiously at the Confederate Army. She refused to leave behind her wounded and dead companions when Union forces retreated on July 1, 1863. She accompanied the

3rd Lietenant Jesse Furgurson, Company C, 32nd Regiment NC Troop is the only known picture of a Tarheel

action at Hatcher's Run, Virginia, on February 5, 1865. When the veterans of the regiment placed their monument on the field at Gettysburg, they included a

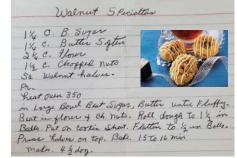

stone image of Sallie lying faithfully at the base of the monument. Another dog, an Irish Wolfhound is on the base of the Irish Brigade Monument at Gettysburg. Two wolfhounds were adopted by the brigade's 69th New York Infantry Regiment as mascots during the war. Clad in green coats bearing the number "69" in gold letters they would parade behind the color guard. When the monument was erected, a stone wolfhound was placed on the base as a symbol of courage and loyalty.

Dogs continue to be celebrated as man's best friend and actively serve in the U.S. Army to this day.

SENIOR MOMENTS

MVF has 8x10 books out already. Starting to get entries read. Hope to go to horse show and entertainment. I have been pulling weeds all week, along driveway.

My cats do not like thunder and lightning at all. I am sorting thru lots in the house to make more room and. finding lots of treasures so that slows me down but

keeps me enjoying old photos and putting in albums. With two young equine to train this year, I have decided not to get any more but to show and love what I have. I will be 80 in September. I love parades and contesting my cart Pony, Casper, and teach my Mini filly to drive. I am looking forward to the MVF and seeing friends there, I will be wearing an All American red, white and blue sequined cap that my Cindy friend gave me.

Better get this to Chris for the news. Hope to see lots of friends at the fair. DANA Jo

Home Grown Eggs

Eggs are part of a healthy diet and provide a host of vitamins and

minerals, like protein, iron, vitamin B-12, phosphorus, riboflavin and selenium. The nutrients found in eggs contribute to healthy skin and bones and everything in between. While eggs, in general, provide a variety of health benefits, home grown eggs offer all of the same vitamins and minerals, plus more.

Home grown eggs (otherwise known as organic eggs, are packed with vitamins and nutrients that are part of a well-balanced diet. From heart, skin and eye health to a stronger immune system and more, organic eggs have a lot to offer.

Healthy Fat Content

Organic eggs have higher levels of omega-3 fatty acids than non-organic eggs (store bought eggs). These fats are known to prevent chronic disease and reduce inflammation while assisting in brain function and growth. Omega-3s also play an important role in heart health and help to lower cholesterol. Furthermore, organic eggs have significantly less unhealthy cholesterol and saturated fat than nonorganic eggs.

Loaded with Vitamins

The healthy diet and lifestyle of the hens also contribute to the high vitamin content of organic eggs. Vitamin A, beta-carotene and vitamin E are abundant in organic eggs. Vitamin A helps to maintain healthy skin, hair and eyes, and more importantly, gives a boost to the immune system. Beta-carotene and vitamin E are both antioxidants which can prevent chronic disease and maintain healthy red blood cells.

Adding Organic Eggs to Your Diet While organic eggs certainly add significant nutritional value to your diet, it's important to realize what is missing; namely, antibiotics, synthetic hormones, pesticides and other chemicals. Home grown eggs even have an improved taste, which combined with their stellar nutritional content, makes organic eggs a smart addition to your diet.

Clerk's Corner:

Next City Council Meeting is August 2, 2021 at 6:00 pm Community Development meeting is July 22, 2021 at 5:30 pm Park Board Meeting is July 28, 2021 at 6:00 pm City would like to thank Brandy Harlard, BVFD, Buffalo Police, Buffalo Public Works, Mayor Sally Rodriguez and the many volunteers who made Buffalo Days successful this year.

This time of year we always have questions and complaints about the high utility bills. Please remember, the bill you receive is for the previous month. We bill from the 15th to the 15th and you receive your bill on the following 1st. A lot of the times the weather is fine when you get your bill but you may have ran your air conditioning non-stop the previous month. Or you watered your flowers and grass every day or even filled your pool. Please be kind when you ask about your bill.

Holiday Garbage- When the holiday lands on a weekend, it will be normal garbage week. If it lands on Monday or Tuesday, it will be a day late. We only have 1 holiday garbage left this year...Labor Day week. Garbage will be on Wednesday, September 8th. Calendars are always available at City Hall.

Cemetery Update- The City will be removing trees from the cemetery that are impeding on headstones. This may take some time, even up to next spring, so please be patient. After trees are removed, we will be working on leveling out some headstones and then cleaning some up. When this time comes, we would appreciate any volunteers to help clean headstones. It is not the City's responsibility to repair headstones, that is the responsibility of the deed holder, but we will try to clean up the old ones as much as possible. Stay tuned for more updates.

Judy Blessing Deputy City Clerk City of Buffalo PO Box 557 Buffalo, IA 52728 563-381-2226 phone 563-381-4759 fax

Senior Meals

Milestones meal site will re-open July 12. Call 1-855-410-6222 if interested in a noon meal M-W-F. Thank you.

Fear is a reaction. Courage is a decision.
